STABLING: Riders are responsible for properly securing their horses at the ride site. With regard to electric fences, bear in mind that many horses will be blanketed at this time of year and are not likely to feel the electric through the blanket. The NJTRA board strongly advises that your top electric tape be about nose height to your horse (about 4 feet). Inadequate horsemanship in stabling has led to several instances of loose horses in past years. **Management reserves the right to ask any rider to leave without entry fee refund if proper stabling is not maintained.** Corral panels are available for rent at \$10/panel [12' x 5']. Please submit the Corral Panel Rental form, with payment in full, to the Ride Sec. no later than 3/22/10. Corral set-up is rider's responsibility. Only 36 panels are available – first come, first served.

TRAIL: The footing is sandy, with some areas of deep, sugar sand. Trails will be both single-track fire trails,

as well as wide trails/sandy roads where good time can be made.

RIDE BRIEFING: This will be held on Friday & Saturday night after dinner and vetting. Ride briefing will start at approximately 6:30 p.m.

FARRIER: A farrier will be available at rider expense. PLEASE... before leaving the ride make arrangements for payment of any veterinary and/or farrier expenses incurred.

Pre-ride vetting for horses entered in Sunday's ride will be done on Saturday 3/27/10, from 2–7PM. **There will be no morning vetting for rides either day.
